- Java
- Python
- Linux
- Git
- Amazon Web Services
- Docker
- Kubernetes
- Jenekins
- Golang

Profile

I am an undergraduate Computer Science student from India. I am a DevOps Developer and a front-end Developer. I am familiar with several Technologies like Docker, Kubernetes, Jenkins, Golang, and AWS. I believe in the power of community therefore I love contributing to open source projects.

EXPERIENCE

- Expirience with AWS - including EC2, S3, RDS, IAM
- Good hands-on knowledge of Source Code Management (Version Control System) tools like Git, Github
- Knowledge of major cloud service providers, like AWS.

ACHIEVEMENTS

- React Certificate by Great Learning
- Java Certificate from Udemy

PROJECTS

- Zomato Clone
- Online Code Editor
- Meme Generator
- Tenzies Game
